

Soccer Management

Date: 11th June, 2022.

TO ALL.

PRESS STATEMENT

We have observed with great concern some news item in the media which suggest that the contract between Eastern Company FC and **Benjamin Kotey Afutu** has been terminated.

We therefore write to set the record straight.

1. That no such termination has occurred.
2. That it is totally untrue that the reason for the termination of the contract was as a result of the player's poor performance.
3. That the Club (Eastern Company) has failed to perform many of their obligations under the contract signed by the parties.
4. That the player was recalled back to Ghana by his management to ensure all obligations are fulfilled by Eastern Company before any further decision is made.

We would therefore like to use this opportunity to thank all and sundry for the interest shown in **Benjamin Kotey Afutu's** career and promise that his return in due course will be bigger and better.

Thank you

Daniel William Tackie
Chief Executive Officer
